IMPORTANT INSTRUCTIONS

GOPALAN GROUP OF INSTITUTIONS WHITEFIELD, BENGALURU

Please ensure below pointers are met while submitting the Idea PPT:

1. **Kindly keep the maximum slides limit up to six (6). (Including the title slide)**
2. **Try to avoid paragraphs and post your idea in points /diagrams / Infographics /pictures**
3. **Keep your explanation precise and easy to understand**
4. **Idea should be unique and novel.**
5. **You can only use provided template for making the PPT without changing the idea details pointers (mentioned in upcoming slides).**
6. **You need to save the file in PDF and upload the same on portal with TEAM NAME. No PPT, Word Doc or any other format will be supported.**
7. **The Themes of the Ideation is AI In Education, AI in Agriculture and AI in Healthcare.**
8. **All the Participants are instructed NOT to use OPEN AI Content.**

Note - You can delete this slide (Important Pointers) when you upload the details of your idea on SIH portal.

TITLE

GOPALAN GROUP OF INSTITUTIONS WHITEFIELD, BENGALURU

- **Problem Statement Title :**
- **Theme :**
- **Category - Software/Hardware :**
- **Team Details (All Team mates) :**
- **College Name :**

PROPOSED SOLUTION

- **Describe your Idea / Solution / Prototype**
  - Briefly explain what your solution is, its purpose, target users, and current stage (idea/prototype).
- **Detailed Explanation of the Proposed Solution**
  - Explain how the solution works, key components, and technologies involved.
- **How it Addresses the Problem**
  - Clearly state how the solution solves the identified problem better than existing methods.
- **Innovation and Uniqueness of the Solution**
  - Highlight what is new, different, and valuable, including novelty, scalability, or IP potential.

TECHNICAL APPROACH

- **Technologies to be Used**
  - List the key programming languages, frameworks, tools, platforms, and/or hardware proposed for developing the solution.
- **Methodology and Process for Implementation**
  - Briefly describe the implementation approach, development stages, workflow, and whether flowcharts, diagrams, or a working prototype are included.

FEASIBILITY AND VIABILITY

- **Analysis of the Feasibility of the Idea**
  - Briefly assess technical, financial, and operational feasibility of implementing the idea.
- **Potential Challenges and Risks**
  - Identify key technical, regulatory, market, or execution-related risks.
- **Strategies for Overcoming These Challenges**
  - Outline practical mitigation strategies, alternatives, or contingency plans.

IMPACT AND BENEFITS

- **Potential Impact on the Target Audience**
  - Explain how the solution improves outcomes, efficiency, accessibility, or quality of life for users.
- **Benefits of the Solution**
  - Highlight key social, economic, environmental, or institutional benefits resulting from the solution.

RESEARCH AND REFERENCES

- **Details / Links of the Reference and Research Work**
  - List key research papers, articles, patents, standards, reports, or web resources referred to, with relevant links.
